War Chest Victory Drive Going Strong In S. M. County

San Mateo county has achieved 70 per cent of its goal in the War Chest Victory drive, on the basis of data issued from state headquarters in San Francisco today. Reports to county headquarters showed total contributions of \$164,638 out of a goal of \$234,953.

San Mateo county headquarters has issued a special appeal for extra gifts "in thanksgiving for victory and in memory of those who died that we might achieve that victory." In many communities, flying squadrons have begun a campaign in which leaders of various home-front agencies supported by the War Chest have teamed up to visit every individual, seeking these extra gifts.

Latest Rumor Has Hillsborough As World Capitol Site

Disclosure this week that a group of San Francisco capitalists have purchased 400 acres of the famous Carolands Estate in Hillsborough, including the 96-room mansion, is causing Peninsula leaders to wonder if the property may be intended for establishment of the proposed world capitol.

The million-dollar mansion, and its highly landscaped surroundings, was the subject of a discussion in San Francisco recently when it was mentioned as "the heart of the territory desired for the world capitol." At that time it was said that if the United States was selected as the country in which the capitol would be located, the Peninsula stood a fine chance of securing it.

Peterson Praises Ambulance Service In S. M. County

Speaking in praise of the county-owned ambulance service, Frederick Peterson, San Mateo County executive, said this week that he is planning improvements which will result in the county handling all accident and emergency cases.

For the future, he said, he envisions a system of county owned and operated ambulances stationed in all parts of the county; ready to roll immediately to the scene of accidents. In line with this policy, he also stated that he plans a receiving station somewhere in the northern part of the county, and now has a short-wave radio receiver ordered for the Community hospital headquarters.

Peterson made it clear that he doesn't blame private firms for objecting to the county's taking over part of their business, but claimed that only a county-wide service would be reliable. Enlarging on this point, he said that much of the confusion reported recently in county newspapers could have been avoided if police had called Community hospital rather than private firms.

When told that a complete county service might cost in the neighborhood of \$100,000, Peterson emphasized that cost was no object when human life and limb were at stake.

Dr. Charles C. Gans, county department of health and welfare director, has consistently objected to the system as organized by Peterson, and claimed this week that it would result in undue expense to the county. Gans is backed in his objection by R. H. Ratliff, owner of the Peninsula Ambulance Service, located at 3101 El Camino Real, Redwood City. Before the county system was started, Ratliff proposed to Peterson that a private ambulance co-operative could handle the proposed service for a \$1000 monthly subsidy. Gans who for three months prior to that had been surveying the situation, backed Ratliff. But not Peterson.

Since that time the county has started its three-car service which is directed by Richard F. Smith from the Community hospital. According to Peterson, Smith has done a remarkable job.

Under the present set-up, the county service posts one of its two ambulances in Daly City where it is operated by city officers.

In discussing the differences of opinion centering around the question of who shall operate the decentralized system, Captain E. F. Cassell, California Highway Patrol, has expressed himself as favoring the county executive's plan. Cassell maintains that all agencies should telephone or radio call to Community hospital from whence dispatching should be controlled. The captain favors county ownership because, he states, the county can provide trained civil service personnel, and oftentimes interns, to roll with the ambulances on calls.

Armistice Day

Like a ghost from the tomb of the past the anniversary of Armistice Day rises to remind us of the great good that might have come to all men if the expectations of that day had been fulfilled.

It was on November 11, 1918, that men hailed the birth of a new era in human relationships—an era in which the world would be "safe for democracy." Governments were to settle their differences by international arbitration instead of international anarchy; justice for all peoples both great and small was to be achieved through the League of Nations.

But the fervent hopes and joyous expectations that were born that day did not long live. They were suffocated in the atmosphere of intense national selfishness, jealousy and power politics.

In 1918 men thought—or professed to think—that lasting peace could be attained through holding conferences, making agreements, signing documents. These things were done, but permanent peace did not come. Why? Because the form for peace was there but not the spirit. Conferences with out co-operation, agreements without adherence to them, signatures without sincerity—all these led down the well-rutted, one-way road to a repetition of the holocaust of 1914-18.

Armistice Day of 1945 finds us telling ourselves that "this time" the sacrifices of our boys will not have been in vain. They need not be, but their sacrifices alone cannot insure peace. Permanent peace must grow out of the day to day efforts of men of all nations to deal with each other tolerantly, patiently, understandingly.

If this be done the haunting ghost of Armistice Day will vanish, for the great good which that day promised will be achieved.

Formula for Youth

If we remember correctly it was George Bernard Shaw who said, "Youth is such a wonderful thing it's a shame to waste it on children."

Down through the ages men—and certainly women, too—have sought means of rolling back the years so that they might keep that magic thing called youth. But no one has found a way of keeping perpetually young.

Gradually, however, people are realizing that a tender age does not in itself constitute youth, nor do advancing years necessarily take it away. A striking statement about youth was given to General MacArthur in 1942 and he keeps it on his desk. It says, in part:

"Youth is not a time of life—it is a state of mind.

"Nobody grows old by merely living a number of years; people grow old by deserting their ideals. Years wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair—these are the long, long years that bow the head and turn the growing spirit back to dust.

"You are as young as your faith, as old as your doubt; as young as your self-confidence, as old as your fear; as young as your hope, as old as your despair."

It would seem that the General has applied this statement to himself for not only does he look much younger than his 65 years, but his faith and self-confidence made him "young" enough to come back after the disaster of Bataan, whereas doubt and despair might have made another man of fewer years too "old" for such a feat.

Giving Vets a Hand

We have heard a great deal about the problem of fitting the returning serviceman back into his proper place in civilian life. In fact, so many "scientific" analyses of veterans and their difficulties in getting readjusted to the non-military world have been published that the vets themselves have protested the exaggerated picture of maladjustment.

The point is, our returning soldiers and sailors want to be treated like normal human beings, not like fragile flowers. This is not to say, however, that they do not appreciate reasonable courtesies which help them get back into the swing of civilian life.

Wise employers are making special efforts to ease the transition for their returning employees or for newly hired veterans. California's state-wide branch banking institution has set up a training school which provides a refresher course for those who have been away on military duty. This school also gives new employees—many of whom are just out of the service—a training in the basic fundamentals of their job. In this way the rough edges are smoothed off and the return to business life is easier and more pleasant. Yes, vets don't have to be handled with kid gloves, but they are thankful for thoughtfulness shown them until they can get back into stride.

News From The Grammar Schools

Jefferson

A social activity program based on farm animals is being enjoyed by the first grade students. On last Wednesday each child talked about a different farm animal. Original drawings of these animals were made during the art period.

An excellent motion picture, "Processing Woolen Material" was shown to the fifth grade during one of their social study programs. The picture dealt with weaving, both by hand and by machine, and was of particular interest to the students as they have just finished weaving, in class, on looms made by themselves.

The pupils of the sixth grade have drawn boats, in connection with their study unit "The Story of the Sea," and are now making special designs from their own ships for a notebook.

Marjorie Mattes, who is recuperating from an operation, was the recipient of many "get well" letters from her classmates. Each member of the seventh grade participated in this letter-writing activity. It kept Marjorie well informed as to the events which took place during her absence. Her classmates and students of Jefferson wish her a speedy recovery.

Crocker

Among newcomers to room 2 is Claudine Rice.

Students of room 3 were shown lantern slides during a recent social science period. The slides, entitled "Wings of a Century" and "Ships," were correlated with unit work now being done by the class.

This week the pupils of room 4 were shown a film titled "The Backbone of Progress." The movie dealt with steel and its uses.

This week room 5 said goodbye to Leona Lee, who moved to Nebraska. During the week the pupils enjoyed a film about British Guiana which showed the beautiful scenery of that country.

"Airliner" was the motion picture seen by pupils of room 6, in connection with their unit project.

Several students of room 6 spent the weekend visiting friends and relatives out of town. Allan Peterson went aboard the battleships and carriers on Navy Day.

Woodrow Wilson

The children in room 14 are studying about the government of early American Indians, and comparing it with our present-day government. In this study they are learning that all peoples make rules and laws governing behavior. (Even children have rules for their games.)

Students of room 8 are making special reports on "The Traditions of the American Revolution."

Officers Installed By Boy Scout Troop

At their meeting on November 1, members of Boy Scout Troop 106 witnessed the installation of officers.

Scoutmaster William Hayes conducted the ceremony. Those installed included: Jack Kennedy, assistant patrol leader; John Marvelous, assistant patrol leader; Bernie Volmer, quartermaster; Robert Hagglund, and Jack Cooper, flag bearers.

Scout troop 106 meets regularly every Thursday night at 7 o'clock, at Parkview and Mission streets.

At the conclusion of the evening's business, refreshments were served by the committee in charge.

Especially interesting was "The Origin of Our Flag." One of the children brought drawings of the various national flags used up to the present time.

The boys and girls in room 15 viewed an interesting film, "Wool to Cloth," which showed the processes from the shearing of sheep to the finished product—wool.

An interesting and informative motion picture, "Wheat to Bread," was shown to room 12 recently. It resulted in a discussion by the students of the differences in breadmaking of long ago and that of today. They particularly noticed the part played by machinery in effecting those changes.

Sixth grade students are studying the many types of "work ships," such as tramp freighters, ice breakers, ore ships, barges, tugs, ferry boats, whaleback ships and tankers.

Many excellent reports were given by students in room 5 who witnessed the Navy Day program in San Francisco last Saturday.

Pupils of room 4 are studying the island possessions of the United States.

Bond Sales Slow During First Week

During the first week of Daly City's Victory Bond drive the total quota of \$131,300 has been reduced by sales amounting to \$4906.25 during the week ending November 3. Of this amount, "E" bond sales totaled \$2906.00, of a grand quota total of \$110,000.

This is a slow start, but sales are expected to increase rapidly as the drive progresses. The committee, headed by Chairman Lehigh, stated this week that the citizens of Daly City have always been quick to show their appreciation, and says that now is the time to prove their gratitude to our servicemen by putting the Victory loan drive over the top.

Nazarene Church Youth Groups Enjoy Party

With more than 40 young people present, despite inclement weather, the Hallawen masquerade held by the young men and women of Nazarene church was a highly successful affair on the night of October 30.

Highlighting the parade of clever and colorful costumes were those worn by Mary Lou Smith, Verna McKisson, and Mrs. Lemon, who in company with her son Bill, and daughters Joyce and June, appeared as colored folk.

All present took a thrilling, chilling trip through the spine-tingling "Chamber of Horrors," and then enjoyed a delicious repast consisting of pumpkin pie and coffee.

Mesdames McKisson, Redman, and Edminster were the committee in charge of arrangements for the affair.

Navy Volunteers Offered Advantages

Advantages offered to regular navy volunteers under the Voluntary Recruitment Act of 1945, recently passed by Congress and signed by President Truman, are expected to accelerate still further the present brisk rate of enlistments according to Lt. Edward Northridge, USN, officer-in-charge of navy recruiting and induction for Northern and Central California.

Particularly attractive, declared Lt. Northridge, whose headquarters are at 98 Golden Gate avenue, San Francisco, is the option of enlisting for 2, 3, 4, or 6 years.

Other inducements were listed as: \$50 re-enlistment gratuity in all pay grades for each year served in the current term of active duty. Previous amount was \$25 for men below the first three grades.

Immediate payment of mustering-out pay instead of waiting until final separation from the service.

Up to 60 days leave with transportation provided both ways. Permanent extension of wartime 20 per cent extra allowance for sea and overseas duty.

Family allowances extended for full period of enlistments and re-enlistments made prior to July 1, 1946.

Benefits under G.I. Bill of Rights assured at end of new enlistment.

Application for first enlistment or re-enlistment may be made at the Navy Recruiting station, 98 Golden Gate avenue, San Francisco.

THEY FINISHED THEIR JOB

LET'S FINISH OURS

EVERY DAY the cost of war continues in the two-way flow of ships—in-bound and out-bound under the Golden Gate Bridge. Men and women coming home to civilian life. Men and women transferred back to rehabilitation centers and hospitals. Men and women and supplies sailing out to far-distant occupation areas. The fighting war is over. Now we must help pay the bill through this final drive, the eleven billion dollar Victory Loan.

We owe these specific debts which we should be glad to pay, through the Victory Loan...

1. Care of the Wounded. This is a debt we can never fully repay. With Victory Bonds you lend your money to help pay for this work.

2. Bringing Men Home. It costs as much to bring men home as it did to send them over. This job has just started.

3. Rehabilitation of Veterans. In addition to mustering out pay, the guarantees of the G. I. Bill of Rights must be met for education, loans and other aids.

4. Payment for War Material. Huge sums are needed to pay for materials of war produced and used in action months ago.

Put away every extra dollar you can in Victory Bonds. Hold them for such future uses as owning your home, educating the children, for starting a business or as a savings fund for emergencies. For the last time—buy bonds—extra bonds every week of the Victory Drive.

Junior Red Cross Membership Drive

The time has come, the calendar says, to talk about the Juniors!

November 15 closes the annual enrollment period for the American Junior Red Cross this year, and a 100 per cent enrollment is the goal set for public, private and parochial schools under the jurisdiction of the San Mateo county chapter, American Red Cross, according to Mrs. J. E. Phillips, vice chairman of the department.

Mrs. Phillips states, "The object of the program is an enrollment for service, not just a fund-raising campaign and stresses service to others in both the immediate community and on national and international levels. It is being achieved through schools throughout the communities without fanfare, and should be recognized from outside sources. The results deserve attention from any parent whose child is participating in the program and from every citizen whose community is benefitting by it. Among the projects successfully completed during the past year by members of this community's Junior Red Cross are gift boxes for children in foreign lands, comfort and recreational articles for hospitals and camps throughout the area, and making and decorating Christmas trees for USNABPD and the Mills Field Dispensary. Part of the funds raised during this enrollment campaign are forwarded to the National Children's Fund which is used to meet emergency needs of children throughout the world, providing medicine, clothing and school supplies."

AN IMPORTANT DATE FOR
THOUSANDS OF ARMY VETERANS
NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because—men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

"BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income any time after 20 years' service?

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
2. Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
3. An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
4. 20% extra pay when overseas.
5. Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
6. Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
7. Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
8. Benefits of GI Bill of Rights.
9. Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
10. Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

How to make hearty soups for winter energy

A steaming bowl of hearty soup is a short cut to energy during these days when Jack Frost holds sway. With winter produce as a base you can create an appetizing repertoire of delicious soups to satisfy the most robust appetite. Build your menus about any of the recipes listed below—and don't be surprised when the whole family calls for second helpings.

4 tbsps. butter or margarine
2 cups diced raw potatoes
2 cups boiling water
1 tsp. salt
¼ tsp. paprika
2 carrots, diced and cooked
2 cups scalded milk
1 tbsps. flour

In large saucepan, saute onion in 2 tablespoons butter or margarine until lightly browned; add potatoes, boiling water, salt and paprika. Boil about 15 minutes, or until potatoes are soft. Add carrots, milk, and flour mixed with remaining butter or margarine. Cook 5 minutes, stirring until smooth and thickened. Serves 6.

LENTIL OR BEAN SOUP

2 slices bacon or salt pork, diced
½ cup sliced onion
½ cup sliced celery
1 cup lentils or beans
¼ tsp. salt
½ tsp. dry mustard
Dash of cayenne
1 tbsps. shortening
2 tps. flour
1 hard-cooked egg
1 lemon, sliced
6 cups cold water

Crisp bacon or salt pork; add onion and celery; saute until lightly browned. Add lentils or beans, which have been washed; add water, cover; simmer 3 hours, or until beans are soft, adding more water as needed. Rub through sieve; reheat; add well mixed seasonings. Melt shortening; stir in flour; add strained soup mixture gradually; cook 3 minutes, stirring constantly, until smooth and thickened. Turn into serving dishes; garnish with thin slices of hard-cooked egg and lemon. Serves 4.

NOTES FROM JEFF HI

By Hazel Hendrickson
Jefferson Drops
First Home Clash

San Mateo's Eddie Mack danced through a weakened Jeff eleven to the tune of 33-2 on the Indians' own hunting grounds, Friday, November 2.

The local boys just couldn't match the speed and deception of the bouncing Bearcat left half back.

Captain Bob Grimes called the plays and carried the mail during most of the game. Gil Selvidge, Nathan Agresti and Earl Odell took the place of the missing regulars in the backfield and played a good game.

Starting lineup was: Mossi, L.E.; Milano, L.G.; Morgan, C.; Peterson, L.T.; Janssen, R.T.; Tromborg, R.E.; Grimes F.B.; Selvidge, R.H.; Ruthford, R. G.; Odell, Q.B.; Agresti, L. H.

120's Lose Close Game

On Thursday the 120's played a hard fought game losing by 3 points, the final score was 18 to 21. High point man was Robinson.

Starting lineup was Barros and Harju at forwards; Robinson at center; E. Gigli and Shannon at guards. Barros was game captain. Subs were J. Gigli and Garcia.

Papooses Win Third League Game

On their own home court the mighty 10's defeated San Mateo, thus winning their third league game November 1. So far the 10's have only lost one game, and that to South San Francisco. The final score was Jeff 15, San Mateo 9.

The starting lineup for the 10's was Silacci and Laumond at forwards; Micheletti at center; Attenisia and Stanghellini at guards. High point man was Silacci. Game captain was Attenisia. Subs were Canepa and Rud.

The war has left many homeless children all over the world. Those whose families have been killed will have to be cared for and those who have been separated from their families must have help in finding them.

Stamp and Bond Drive

Eva Claus, chairman of the Stamp and Bonds committee, made a strong appeal to the student body, in assembly, October 31. She urged all to assist in reaching the goal of ten thousand dollars before December 6. If we reach this goal, we will have all afternoon of December 6 for a Bond Dance.

"Then," said Eva, "Teachers' Institute of December 7, will give us students a day's vacation."

Co-operating on the bond committee are Frances Crossley, Marie Horkey and Shirley Sjiffman.

On Tuesday, November 6, another bond rally was held at which the United States Navy Band played. Thursday another rally was held. Mr. Hannah and Mr. Saiz are helping the student committee.

Tuesday of this week, the drive began in all first period classes, in each of which a captain and an assistant captain were selected to carry on the sale of stamps and bonds. In this way the drive will continue each Tuesday morning until it is completed.

Students, let's bring our uncompleted books or get new ones. "We have a job to do for Uncle Sam."

H. S. Receives Appreciative Letter

Principal Stanford Hannah received this gracious letter of appreciation from the California Congress of Parents and Teachers, seventeenth district, October 31: Dear Mr. Hannah:

The Seventeenth District wishes to thank you for a most enjoyable meeting. Everyone enjoyed the movies, and your music department should be given special thanks. The songs were appropriate, and the young people have a very capable instructor.

The high school cafeteria was most efficient in handling such a great number of people. Would you be so kind as to convey our sincere thanks to Miss Elizabeth Jones, who, we understand, is the manager.

Thank you again for the many courtesies.

Yours sincerely,
Mae Eder.

Miss Philbrick, Mr. McCarthy and his younger brother escorted Clarence DeLaney, Ben Picetti, Clarence Lack, Dan Wilson and Art MacDonald up the weather beaten path to the very tip top of the mountain, in an icy wind. The prospective members carried the old members' packs up and down boulders for several miles. From the packers all that could be heard was "Oh my aching back."

Entertainment Committee

Step this way, everybody; the show is just about to start. Yes, sir, the entertainment committee announces the date for the next school dance, November 16. The theme is "Under The Big Top." The line forms to the left; boys and girls buy your tickets for the big show is about to begin.

Cafeteria Health Plate Gives Balanced Meal at Low Price

Miss D. Jones, supervisor of the cafeteria, wishes to make clear to the students the principles of the health meal. The total cost of the health meal is fifteen cents; and in it the student is allowed the approximate amount of protein, starch, milk, minerals, and vitamins needed for one third of each day's requirement. One is allowed one-half cup of vegetables and 1 oz. of protein besides milk, butter and bread. In addition to this meal, one may purchase any of the other varieties of food desired. Another point Miss Jones wishes to stress is the money saved by each student per day when he purchases his own bottle of milk; the government pays part of one bottle of milk per student a day. When purchasing a bottle of milk, a student is charged eight cents; five cents of which is refunded when the bottle is returned.

The problem of additional equipment for the cafeteria is being considered, but it may be some time before the equipment can be obtained.

Sergeant-At-Arms Committee

After several weeks delay the Sergeant-at-arms committee are finally able to order their pins. This delay was caused by insufficient student body funds to pay for the die used in making the pin. The pin is a seven-pointed sheriff's star with a guard chain and a policeman's club at the end of it.

Foreign Armies Get More Arms Than Our Forces

Benecia Arsenal, Calif.: "Allied nations received more American tanks and trucks than United States forces overseas," declared Colonel Paul G. Rutten, commanding officer of Benecia Arsenal this week.

Latest ordnance international aid statistics, revealed by Major General H. B. Saylor, deputy chief of ordnance, show that Russian, English, and Chinese troops received 785,939 vehicles of all shapes and sizes as compared with 654,085 shipped to American supply depots abroad. Breakdown of this report by countries showed that Russia led with the receipt of 459,481, United Kingdom, 298,110, and China 28,348 of the total number.

Russia was shipped over 358,000 1½ and 2½ ton trucks, 65,000 more than American troops received. We sent nearly 2,000 more tanks to Britain than to our own forces in the Pacific, Mediterranean and European theatres.

Virgil R. Mills Civilian Once More

Seen about town these days in civilian attire, is Virgil R. Mills, recently discharged from the U. S. Navy at Camp Shoemaker, veteran of the South Pacific theatre of operations.

Mills, whose rating was that of Aerographers Mate, first class, served aboard the USS Flint, which was commissioned at the Bethlehem Steel shipyard on August 31, 1944. After its shake-down cruise, the Flint went on active duty December 5, 1944.

Virgil witnessed operations off Luzon, Formosa, Iwo Jima, Okinawa, and watched the carrier bombing of Tokyo. He later had an opportunity to visit Yokohama where he viewed the terrific destruction wrought by concentrated bombing.

He described the three weeks aboard the Flint off Nii Shima, an island 80 miles south of Tokyo, where hourly weather reports were prepared for the planes, as being boring but vitally necessary in the battle against the Japanese homeland.

Among major incidents engraved on his memory, are scenes of the bombing of both the Ticonderoga and the Franklin. He was about to sit down to breakfast the morning that the Franklin was attacked; and was ready for dinner when the enemy advanced on the Ticonderoga.

Mr. and Mrs. Mills, whose home is at 6147A Mission street, Daly City, are planning a short visit in Los Angeles and vicinity. They expect to leave the end of this week. Beyond that, and "getting a good rest," his plans for the future are not completely formulated.

Employers Must Make Deductions

Employers are required to make social security deductions from all employees who have not earned \$3000 or more during the year in their employment, regardless of the amounts earned in other positions. This was the announcement made by Internal Revenue Collector James G. Smyth, of San Francisco, this week.

With peacetime reconversion moving forward at a rapid pace, there has been a consequent shifting of labor from one position to another. Many employees who have earned \$3000 this year from one employer are now working for a new employer. The new employer must deduct the social security payment from their wages.

If an employee has held more than one position during the year, and received a total income in excess of \$3000 from which social security payments have been deducted, the surplus amount deducted may be recovered from the government by filing a claim for refund.

Honorable Discharge For David J. Gaggero

Santa Ana, Calif. — Staff Sgt. David J. Gaggero, son of Mr. and Mrs. Sebastiano Gaggero, of 33 Alemany street, Daly City, was honorably discharged this week from the separation base maintained at Santa Ana Army Air Base.

Sgt. Gaggero is a veteran of 37 months of service in the Army Air Forces. He served in the Pacific Theatre of Operations as clerk for 34 months. The Army Air Forces has awarded him the Pacific Theatre Ribbon.

Brigadier General Arthur E. Easterbrook, commanding general of the Santa Ana Army Air Base declared:

"The fact that a man has served honorably with the AAF marks him as among the cream of the crop. We think many of tomorrow's leaders will spring from the outstanding young men who have made up the victorious Army Air Forces."

Before entering the service Gaggero was an underwriter for the Home Insurance company of New York.

Police Academy Open in San Mateo

On Monday, October 29, the San Mateo County Police academy opened its doors to law enforcement officers of the area.

The first announcement concerning this institution came in the form of a letter from Chief of Police Jack Theuer, of Burlingame, addressed to the city council there. Chief Theuer wrote, "It

is to be a permanent school for police officers: conforming to the modern trend in law enforcement activities, neighboring cities are subscribing to this progressive program."

The chief then outlined that it will cost \$4 per man to attend the eight week session, starting October 29, and running through December 17. The lectures and demonstrations are being given in the San Mateo City hall. The course is under the auspices of the San Mateo County Executives association, which has a member-

ship of police chiefs. Instructors are FBI officers and men from the San Francisco Police academy, Theuer said.

Representing the Daly City Police department at the school will be Acting Chief Wm. P. Bolger, Sgt. Ricco Benedetti, George W. Hopman, Henry Sundermann, George Savage, Roland Petrocchi, August Benassini, Roy Beecher, Dean Wood, and James Welsh.

Love Makes World Go Round and Round

It must be love, there really isn't any other logical reason for the increase in marriage licenses in San Mateo County this year. To date 1177 licenses have been issued, compared with a total of 1194 during all of 1944.

During October 138 happy couples applied for and received their licenses. The highest monthly total ever issued in a single month was during last June when 157 licenses were taken out.

Melvin R. Dykman Believed Enroute Home from Orient

Staff Sergeant Melvin R. Dykman, son of Mr. and Mrs. John L. Dykman of 198 Wellington avenue, Daly City, and former Record employee, is now entitled to wear the coveted Distinguished Unit Citation badge as a member of the Fourteenth Air Force's veteran 23rd Fighter Group in China.

Sgt. Dykman's outfit, nicknamed the "Flying Tigers," was activated in Kunming, China, on the Fourth of July, 1942, as the official successor to the famous American Volunteer Group. Active in more than three years of the bitter war in China, Flying Tiger fighter pilots have destroyed or damaged more than 1750 Jap aircraft and killed more than 20,000 enemy troops in strafing and bombing operations.

The Distinguished Unit Citation was granted recently in recognition of the Flying Tiger's blows against the Japs in the June, 1944 battle of Hengyang.

Mrs. Dykman informed the Record early this week that she was the surprised and happy recipient of a telephone call from Melvin's commanding officer last Saturday. The captain, visiting in San Francisco, at the time, told Mrs. Dykman of the splendid work Melvin had done for his group in the intelligence division, and stated that he had gone beyond the line of duty many times in aiding the Tigers in their fight against their enemies.

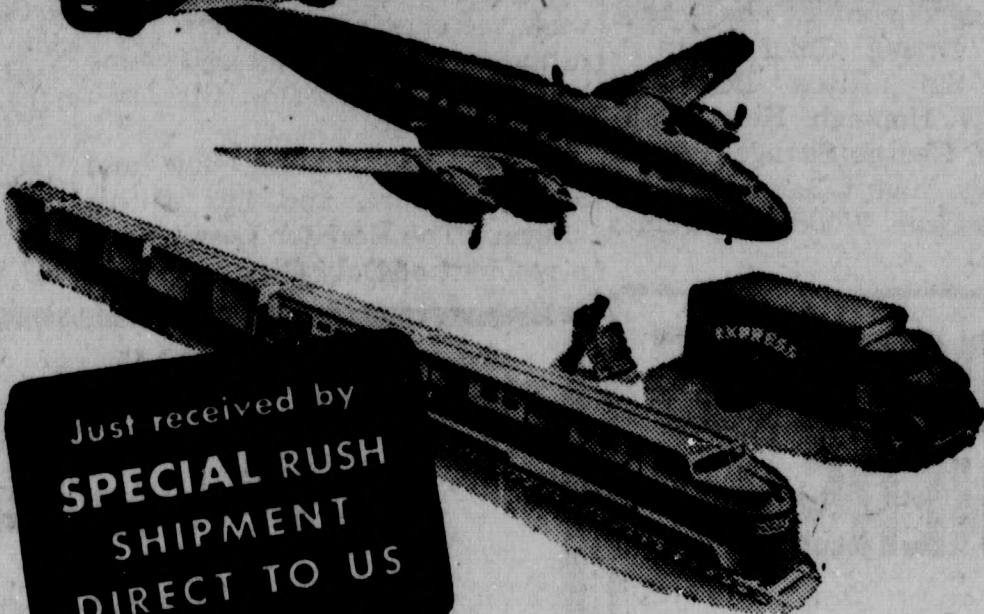

Recently Mrs. Dykman received a letter from Melvin, then in India, awaiting transportation to the States in which he asked her not to write to his old address any more as he was "on his way."

Current Dope On Hunting, Fishing For All Sportsmen

Current hunting and fishing
conditions as compiled by the
Outing Department of the Na-
tional Automobile Club:

Del Norte County—Nice catches
of trout were made last week in
the Smith River and its tribu-
taries. Steelhead fishing was also
good.

Humboldt County — Pheasant
are more plentiful than for the
past few years.

Siskiyou County—Duck hunting
is better than it was on opening
in Shasta Valley. There has been
a good run of steelhead on re-
cently.

Shasta County—Duck shooting
has slowed down in Big Valley
and hunters are awaiting the next
flight of ducks. The fall run of
salmon in the Sacramento River
was near its height last week.

Lassen County—Duck hunting
has been poor in Honey Lake
Valley. The pheasant season is ex-
pected to be fair and the quail
season prospects are excellent.

Butte County—Poor duck shoot-
ing is anticipated unless the pres-
ent storm brings more birds.

Colusa County — Ducks are re-
ported numerous and if rain
continues, prospects are good for
the opening of the season.

Mendocino County reports a
fine outlook for quail season.

Sonoma County—A good num-
ber of ducks are reported in the
marshes of this area. Pheasant and
quail are scarce.

Marin County—Plenty of ducks
are reported in Bolinas Bay, but
there are only a few in the coastal
bays around Point Reyes and the
Marin shore along San Pablo Bay.

Napa County—Duck hunting on
the lower Napa River was fair on
the opening day.

Sacramento County — Reports
many pheasants showing up.

San Joaquin County — Ducks
are scarce. Duck hunting in the
Delta is not expected to be good
this year.

Santa Clara County—Ducks are
fairly plentiful. Thousands of
sprig are here.

San Benito County—Ducks are
scarce in this area. Quail are
plentiful in spots.

Mariposa and Merced Coun-
ties—Valley quail have left the
water holes and moved to the
brushy hillsides. Airplanes report
great numbers of ducks in this
area.

Fresno County — Ducks are
plentiful. Prospects for quail
shooting are good, and there is
also a good number of pheasant.

Monterey County — Quail are
spotty, fairly plentiful in Park-
field area.

Kern and Tulare Counties —
Though ducks are reported scarce
in this area, prospects for the
opening of the quail season, with
fine bunches of birds of both
mountain and valley varieties are
good. The birds are numerous in
the South Fork, Kornville, Wal-
don, Onyx, Walker Basin, and
Kelso districts. There are lots of
ducks reported on the clubs in
the Wasco District.

San Luis Obispo County—There
were a large number of ducks on
Morro Bay recently, and quail
shooting is expected to be better
than last year. A good supply of
buds are left in this area.

Ventura County — Ducks are
scarce in this area.

Los Angeles County—Very few
ducks are in this area.

Orange County—The number of
ducks in this area is only fair, not
the number of birds on any club as
there was last year. Birds are
sprig and a few gadwell and wid-
geon. The quail and pheasant
seasons are expected to be poor.

San Diego County—Fresh water
fishing still remains poor. A few
waterfowl are coming in, but not
in numbers as great as should be.
Duck feed is not plentiful. Many
coveys of quail are reported.

Imperial County — Doves are
plentiful in the Holtville, Calexico
and Seeley districts. Mullet are
running very well and fishermen
are having fairly good success.

Home Service Group Held Special Meeting

The Home Service department of Seventeenth District CCPT held a most instructive and entertaining program at their meeting on Thursday of this week in Peninsular Avenue School, San Mateo.

Mrs. C. N. Underwood, director, was chairman of the day, and introduced Mrs. Edward T. Walker state sixth vice-president, and state director of Home Service, who presented an inspirational talk on home making and human relations.

Others taking part in the program included Mrs. George Spanne, representing the crippled childrens society; Miss Clara Dills, home reading chairman; Mrs. Frederick W. Duerr, music chairman, and Mrs. G. J. Sirex, who led community singing.

The hospitality committee provided hot coffee at luncheon.

TOPLINE interest in the tangerine rose wool chosen by CBS actress Grace ("Crime Doctor") Lenard lies in unique silver and gold embroidery, adeptly employed to stress a broad shoulder silhouette. NEW PASSENGER CAR TIRE

COMING SOON!

NEW B. F. GOODRICH TIRE THAT OUTWEARS PREWAR TIRES

THIS isn't a guess. A new kind of tire has been developed, and tests show that it outwears prewar passenger car tires.

It is made of a new kind of synthetic rubber developed by B. F. Goodrich—different from the ordinary synthetic rubber in general use by the tire industry. It helps the new tire run cooler—wear better.

The new tire has had more than 2,000 laboratory tests. Taxicab fleets, state police departments and the B. F. Goodrich test fleet have run it 16,800,000 test miles. Not only does it give longer tread wear than prewar tires, but it has more resistance to bruising or damage from accident.

A new, slightly different shaped tread—we call it the "road level" tread—is another feature that means longer wear. Engineers had wished for

years to make a tread just slightly flatter. But that more desirable shape always set up strains in the tire body, or "carcass," as it is called. B. F. Goodrich developed an entirely new and stronger cotton cord, designed it into a 35% stronger carcass that stands all these strains and permits the use of the new flatter, longer-wearing tread.

The tread design is new. It is made up of hundreds of skid-resisting curves for quicker stops, surer starts—safer driving.

In a few weeks these new tires will begin to be produced in large volume, but supplies may be limited for quite a while. We have placed our order, and hope to have our shipment shortly. Watch for our announcement. And in the meantime, take good care of the tires you have—make them last until you can replace them with these new, better B. F. Goodrich Silvertowns.

OFF THE BLOTTER

Officer H. Sundermann, of the Daly City police department, was sitting on his motorcycle waiting for the signal to change at 6296 Mission street last Saturday afternoon, when a sedan driven by George Gammon of 256 Harbor road, San Francisco drove into the officer's vehicle. Sundermann was taken to Alemany Hospital for treatment of his injured back, and Gammon was given a citation for traffic violation.

Officer Sundermann, of the Daly City police department answered a hurry call to 163 Werner street, shortly before noon on November 2, where he found Mrs. Dorothy Romriell unconscious, and two small children overcome by gas fumes. Another resident at the same address, Mrs. Mary Newsom, who placed the call, said that a gas range had been turned on earlier in the morning to warm the house.

Officer Sundermann assisted in getting the ladies and their children out of the house and into fresh air, and said that everything was in good order when he left the house.

Mrs. George McDonald, 44 San Pedro street, reported to police this week that she lost her No. 4 Ration book "about two weeks ago," and requested that they try to locate same for her.

On November 2, at a little after six in the morning, Mr. Thomas Dodge, of 219 Miriam street, phoned the Daly City police and asked their assistance in getting his wife to the hospital immediately.

Officer Welch responded and rushed the woman to the South San Francisco Hospital in a police car.

The baby was born in the hospital elevator!

W. D. Lambert, proprietor of the Mission Super Service station at 6250 Mission street, reported to police on November 6, that his cash register had been robbed of \$90 during the afternoon.

He told investigating officers from the Daly City police department that the robbery took place while he was busy at the rear of the station. Police are investi-

gating several leads.

Acting Chief Bolger recently received a fine letter of appreciation of the efforts made by his department to recover a car stolen from Elsie Jean Atkinson, of this city.

The letter, written by Herbert Atkinson, of 435 Niantic avenue, expressed the heartfelt thanks of the Atkinson family for the kindness and courteous treatment accorded them by members of the Daly City Police department.

The car, which had been stolen from a garage where it was undergoing repairs, was later recovered in Los Angeles in the possession of the man responsible for the theft.

In the issue of October 11, the

following item was published in this section:

"Mrs. Mary Shola, 147 Knowles avenue, was knocked down in front of Nick's store on Hillcrest drive by Mitchell Shola, 31 Hillcrest, on October 6. After reporting the incident to the police department, she secured a warrant for his arrest . . . he was released on \$100 cash bail, and ordered to appear before Judge William J. Sweeney on October 19."

For the sake of the record, it is now reported that Shola pled "not guilty" when he appeared in court. However, the findings of the court resulted in a verdict of "guilty as charged," and he was fined \$25 and ordered to pay \$10 for damages to Mrs. Shola's clothing which was torn during the incident.
